**PD9280****80 Amp RV Converter/Charger**

The **PD9280**, 80 amp power converter is designed to provide reliable filtered DC power to all recreational vehicle 12-volt lighting and appliance circuits. The **PD9280** converter also provides safe and rapid recharging of RV batteries. Built-in features such as electronic current limiting, reverse battery protection, high voltage protection, low voltage operation, and over temperature shut down ensure long term reliability. The built-in Charge Wizard is a microprocessor-controlled system that constantly monitors the battery voltage and ensures a rapid; yet, safe, recharge. The Charge Wizard can select one of three charging

voltages and one of four operating modes depending on the condition and use of the battery. The built-in Accessory Port makes it easy to add the [Converter Status Remote Pendant](#) that shows the charger/converter status.
